

# 50 kilowatt uninterruptible power supply

## Overview

---

Highly efficient, easy-to-deploy 50kW, 208V 3-phase uninterruptible power supply (UPS) that brings best-in-class power protection to edge, small and medium data centers, as well as to critical infrastructure in commercial and industrial applications. Compact design, high-density technology and modular architecture keep total. The MT-UPS-3P-480V-50KVA-480V-R1-N1-M1 is an Industrial Uninterruptible Power Supply (UPS) for work sites and large facilities. This battery backup unit operates on single-phase 480V AC and features a recharge time of 2. A space-saving, scalable and flexible device that's as easy to deploy as it is to manage, it's the perfect three-phase white or grey space solution for today's data center. Whether you're selecting a UPS for a branch office, manufacturing floor, medical facility, or data center.

## 50 kilowatt uninterruptible power supply
