Additional Resources
To date the CPUC has approved procurement of more than 1,533.52 MW of new storage capacity to be built in the State. Of this total 506 MW are operational. The AB 2514 mandate is procured in three distinct grid domain targets, with some flexibility between the grid domain targets of customer sited, distribution-connected, and transmission connected .See more on cpuc.ca.gov

Storage Procurement

This chapter supports procurement of energy storage systems (ESS) and services, primarily through the development of procurement documents such as Requests for Proposal (RFPs), Power Purchase ...

Procuring Solar for Federal Facilities

These resources provide information and best practices for federal facilities interested in procuring on-site solar photovoltaic (PV) systems.

Energy Storage Photovoltaic Bidding Documents: Your Ultimate ...

If you're an EPC contractor, project developer, or a caffeine-dependent engineer scrolling through yet another article on energy storage photovoltaic bidding documents, welcome!

SUNFiD Solar Energy Storage System

Our Battery Energy Storage System (BESS) can be operated under on-grid

and Off-grid operation mode. The BESS system is controlled to cut off the grid connection within 10 seconds and switch to ...

Battery Energy Storage System Procurement Checklist

Checklist provides federal agencies with a standard set of tasks, questions, and reference points to assist in the early stages of battery energy storage systems (BESS) project development.

FEOC Compliance: Understanding New Restrictions , Anza

While there is less urgency for energy storage system procurement since tax credit eligibility timelines remain unchanged from the Inflation Reduction Act, FEOC restrictions take effect ...

A 2025 Update on Utility-Scale Energy Storage Procurements

While the energy storage market

continues to rapidly expand, fueled by record-low battery costs and robust policy support, challenges still loom on the horizon--tariffs, shifting tax incentives, ...

Energy Storage

The following provides information on California energy storage legislation, the CPUC energy storage program and projects evaluation, CPUC energy storage proceedings, current energy ...

Energy Storage RFP, bids and Government Contracts

Bid on readily available Energy Storage contracts with the best and most comprehensive government procurement platform, since 2002. Bidding for Energy Storage RFPs is extremely ...

Proposals & Solicitations , US EPA

Learn about the essential elements of a solar RFP; receive introductory guidance

on how to evaluate any proposals received; and be directed towards tools, resources, and sample ...
