

# A company in Barbados that makes new energy battery cabinets

## Overview

---

Highjoule is a global leader in advanced energy storage systems, providing intelligent, high-efficiency, and sustainable power solutions for commercial, industrial, residential, and microgrid applications in numerous countries across Europe, Africa, Asia, and beyond. The Barbados National Energy Company Ltd. (BNECL), in partnership with the Inter-American Development Bank (IDB), is leading the installation of 10 MW of Battery Energy Storage Systems (BESS) across the island. In. Highjoule's industrial and commercial energy storage system adopts an integrated design concept, with integrated batteries, battery management system BMS, energy management system EMS, modular converter PCS and fire protection system in one. That's according to Minister of Energy and Business Development Senator Lisa Cummins. She made the disclosure as she led off Debate on the 2025 Appropriation Bill.
