

Ardrox corrosion protection

All In One

Integrating battery packs

Intelligent Integration

integrated photovoltaic storage cabinet

High-capacity

50-500kWh

Rated AC Power

50-100kW

Degree of Protection

IP54

Altitude

3000m(>3000m derating)

Operating Temperature Range

-20~60°C(Derating above 50 °C)

Overview

Chemetall Ardrox AV 15 effectively protects common aerospace metals and metal alloys from corrosion. The tack-free firm film is extremely heavy-duty and is good at penetrating inaccessible areas and displacing water, even under less than ideal conditions. A portfolio of aerospace surface treatment technologies, including cleaners, corrosion protection, non-destructive testing (NDT), and pretreatment products as well as paint strippers. What do you suppose corrosion inhibiting compound does?

That's right - it inhibits corrosion! At SkyGeek, we like when our products are. Temporary corrosion protective. This film will impart good indoor corrosion protection. Airbus Helicopters, CFM, French Ministry of Defence, Dassault Aviation, Messier-Bugatti-Dowty, SNECMA, and Turbomeca.
