

Azerbaijan light solar module project construction

Overview

Azerbaijan has approved the construction of two new solar plants totaling 760 MW in the southeastern part of the country. (Masdar) will oversee the development of the projects. In a significant move for Azerbaijan's renewable energy sector, local firm INTEC Energy Solutions has secured a \$117 million Engineering, Procurement, and Construction (EPC) contract for the 288 MWp Shafag solar power plant. The project officially began on August.
