## Overview

---

Editor's Note: We updated our Portable Power Stations guide on J, to add the EcoFlow River 3 Plus, our new best budget choice; the Anker C300 DC, our choice for best backpack power station; the workhorse Bluetti Elite 200 V2; Bluetti's pro-photographer-centric. Editor's Note: We updated our Portable Power Stations guide on J, to add the EcoFlow River 3 Plus, our new best budget choice; the Anker C300 DC, our choice for best backpack power station; the workhorse Bluetti Elite 200 V2; Bluetti's pro-photographer-centric. Our new top pick, the Bluetti Elite 200 V2, stood out for its exceptional battery capacity—among the highest of any model we tested that isn't a whole-house unit—plus its rugged build quality and reliable output. It's not the only high-performing option, however. All of the following models make. We tested out over 40 compact power stations to find out which ones will keep the lights on during blackouts even when you're off the grid When you purchase through links on our site, we may earn an affiliate commission. EcoFlow Delta 3 Plus Best on a budget 2. Portable power stations are more powerful and cost effective than ever before. And, thanks to advances in lithium-ion battery technology, they're also lighter and more compact. Whether you've been dreaming of van life or are building out your emergency kit in advance of that next blackout, there is. The Jackery 2000 v2 is the best power station for those who need additional power for multi-day off-grid camping, or for an extended blackout. Recently reduced in price, it can now be found for under \$800 on Amazon. She has spent countless hours charging, discharging, and recharging batteries. Support us!
