

# Belgian lithium battery energy storage battery manufacturer

## Overview

---

The batteries, 40 Intensium Max High Energy lithium-ion containers, will be supplied by Saft, the battery subsidiary of TotalEnergies, confirming its position as European leader in industrial-scale stationary storage with this project. Leclanché is famous as a lithium-ion battery manufacturer which their products are commonly used for electric vehicles, energy storage systems, as well as marine applications. In present time. As demand for sustainable energy grows, Belgium has emerged as a hub for lithium battery innovation. This article ranks the country's leading energy storage providers, explores industry trends, and highlights how these companies drive Europe's green transition. As we navigate 2026, the industrialization of local supply chains has reached a critical turning point. The company is also building other large-scale BESS systems in Belgium. For instance, a Kallo site has plans for 100 MW / 400 MWh.
