

Bids open for Montenegro energy storage project

Overview

Montenegro's state-owned power utility, Elektroprivreda Crne Gore (EPCG), has canceled a crucial €58 million tender for a 50 MW/200 MWh battery energy storage system (BESS) after receiving no bids. The procurement, valued at EUR 48 million (USD. EPCG, a utility and distribution network operator (DNO) in the Southeast European country of Montenegro, is looking to add 300MW of BESS to its grid. Each battery energy storage systems (BESS) will have a power output of 30 MW and a storage capacity of 120 MWh, designed. On Decem, Elektroprivreda Crne Gore, the state-owned power company of Montenegro, officially launched the second round of bidding for the pilot project of battery energy storage system, marking a crucial step forward in the country's modernization of the power grid.

Bids open for Montenegro energy storage project

Montenegro to launch 300 MWh battery storage tender

In a pioneering move for state-owned utilities in the Balkans, Montenegro's largest power utility, EPCG, is planning to launch a large-scale, battery energy storage procurement exercise by ...

Montenegro Launches Largest BESS Tender in The Country

Bids must be submitted via the ESJN electronic public procurement platform no later than Octo, by 10:00 AM. This project is part of EPCG's broader BESS rollout across four ...

Montenegro: EPCG to procure 300 MWh of battery storage systems ...

Montenegro's state-owned electric utility, Elektroprivreda Crne Gore (EPCG), announced plans to launch a call for tenders to procure 300 MWh of battery energy storage systems (BESS), as ...

Montenegro launches second round of bidding for battery energy storage

On Decem, Elektroprivreda Crne Gore, the state-owned power company of Montenegro, officially launched the second round of bidding for the pilot project of battery energy storage system, ...

Montenegro utility EPCG to launch 300MWh BESS procurement

EPCG, the Electric Power Company of Montenegro, will launch a public tender for the procurement of 300MWh of battery energy storage system (BESS) technology before the end of the ...

Montenegro utility launches 240 MWh battery storage tender

Bids must be submitted via the ESJN electronic public procurement platform no later than Octo, by 10:00 AM. This project is part of EPCG's broader BESS rollout across four ...

Montenegro's utility EPCG invites bids for 60-MW BESS

project

Montenegro's state-owned power utility Elektroprivreda Crne Gore (EPCG) has invited bids for the design, supply, installation and commissioning of two battery energy storage system ...

Montenegro BESS tender cancelled: EUR58M deal faces critical snag

Montenegro's state-owned power utility, Elektroprivreda Crne Gore (EPCG), has canceled a crucial EUR58 million tender for a 50 MW/200 MWh battery energy storage system (BESS) ...

50KW modular power converter

Montenegro utility launches 240 MWh battery storage tender

EPCG, Montenegro's state utility, aims to procure two grid-scale battery storage systems (BESS) totaling 240 MWh in a EUR48 million (\$55.9 million) tender.

Montenegro launches second BESS tender but for drastically smaller ...

Power utility Elektroprivreda Crne Gore has launched its second battery energy storage system procurement tender. The required capacity is drastically lower than in the first call.
