

# **Bishkek community uses a hybrid type of folding containers**

## Overview

---

In a remarkable example of adaptive reuse, over 7,000 shipping containers have been stacked together to create the thriving marketplace in Bishkek, Kyrgyzstan. The kilometer-long Dordoy Bazaar is considered one of the Asia's greatest public market places, and it is built out of thousands of. These structures, exemplified by DXH Container House 's revolutionary fold-out models, feature hydraulic or mechanical systems that allow units to expand laterally or vertically upon deployment. For instance, a standard 20-foot container can transform from a compact transport module into a 36 m<sup>2</sup>. structure and texture of urban grass-root communities in Bishkek. These innovative structures offer a range of advantages, from rapid deployment to sustainability, making them a promising option for addressing the pressing needs of refugees around the world.
