## Overview

---

The Border Basin Solar Project is a 120 megawatt (“MW”) utility-scale solar generation facility under development in Hancock County, Ohio. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently at the permitting stage. It will be developed in a single phase. The project construction is. COLUMBUS, OHIO (Feb. The OPSB approved a settlement agreement allowing Border Basin I to construct a 120 MW solar-powered electric generating facility. LAS VEGAS (KLAS) — Last week, California regulators rejected plans to shut down the Ivanpah Solar Project along Interstate 15 at the Nevada border. The solar plant, once seen as a model for the future, is now viewed as a \$2.

## Border Solar Power Project

---

### Border Basin Solar -- Hancock, Ohio

Border Basin Solar is a planned 120 MW solar project located in Hancock, OH. The project is currently in planned status and is expected to come online in June 2026. This project is part of the PJM ...

---

### OPSB schedules hearing for proposed Border Basin solar energy ...

The Border Basin Solar Project would consist of solar panel arrays and associated facilities located within a 1,378-acre project area. The project would include electrical collection lines, inverters, ...

---

### Border Basin Solar Farm (Hancock County)

In February 2023, the Ohio Power Siting Board approved the 120-MW Border Basin project despite opposition from a local township, county health commissioner, and some area ...

## 21-0277-EL-BGN: Border Basin Solar , Ohio Power Siting Board

The applicant has been approved to construct and operate a 120 megawatt solar-powered electric generation facility in Cass Township, Hancock County. Below are resources that may help answer ...

## Border Basin Solar -- Hancock, OH -- Planned Power Plant with ID ...

Looking for solar projects still in development? EIA 860M shows operational plants and those starting operation within one year. Our Interconnection Queue dataset tracks 30,000+ projects from ...

## Border Basin Solar Project

The Border Basin Solar Project is a 120 megawatt ("MW") utility-scale solar generation facility under development in Hancock County, Ohio. The Project will generate clean and cost-effective wholesale ...

## Ivanpah Solar Project at Nevada-California border lives on as

California regulators reject plans to shut down the Ivanpah Solar Project along Interstate 15 at the Nevada border. The solar plant, once seen as a model for the future, is now viewed as a ...

---

## Power plant profile: Border Basin Solar Project, US

Border Basin Solar Project is a 120MW solar PV power project. It is planned in Ohio, the US. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the ...

---

## Border Basin OPSB Permit Approved

The OPSB approved a settlement agreement allowing Border Basin I to construct a 120 MW solar-powered electric generating facility in Cass Township, Hancock County.

---

## PILOT -- Border Basin Solar Project
