

# Brazzaville s new energy storage policy is released

## Overview

---

Meeting in Brazzaville on 17 September, the Council of Ministers approved a draft decree that makes the National Energy Pact official law in the Republic of Congo. The text, presented by Energy and Hydraulics Minister Emile Ouosso, sets an ambitious timetable for sector. The provisional hand-over of two specialised storage compounds in Brazzaville's Itatolo district and Pointe-Noire's Mongo-Kamba II marks a tangible advance in the Republic of the Congo's quest for a more reliable electricity network. By centralising critical transformers and gas-insulated. global call to transition to clean energy use. I am honoured to present to you an energy policy which does not only create a conducive env for Policy Formation Wednesday, 17 July 2024. The Minister for the Environment, Climate and Communications, Eamon Ryan, received approval from the Government. The decree explicitly classifies energy storage facilities and their associated grid connection infrastructure as "public utility" for the first time. This grants them legal support equivalent to. The pairing of batteries with solar photovoltaic (PV) farms is rapidly reshaping how and when solar energy is used, turning daylight-only generation into flexible, round-the-clock power. [pdf]. Let's face it – the world's energy game is changing faster than a Tesla battery charges.
