

# Can the t40 battery be equipped with an inverter

## Overview

---

The D12000iE Generator/Inverter charger combo unit is compatible with both T30 and T40 Intelligent flight batteries and will charge the 30,000mAh T40 Intelligent Flight Battery in nine (9) minutes. The AGRAS T40 is equipped with the revolutionary Coaxial Twin Rotor design, enabling it to carry a spraying payload of 40kg and a spreading payload of 50 kg (70 L). This 12,000W inverter generator features new EFI technology, enhancing fuel efficiency by 15% and providing the fastest charging solution for your T40 batteries. The DJI Portable Charger is recommended. AC output 230V/1500W or 120V/750W [7]. The payload weight needs. The T40/T20P Intelligent Flight Battery uses high energy battery cells and an advanced power management system to provide long-lasting power to AGRAS™ aircraft.
