## Overview

---

If someone uses high-pressure tactics on you or you suspect a scam, report it to BBB Scam Tracker, the FTC or your state's attorney general. While there are many good companies installing solar panels, some scammers try to trick homeowners out of money or personal information, BBB. While reputable companies can help you save money with clean or solar energy improvements, scammers offer more than they can deliver. The scams vary, but here's the gist: someone claiming to be with the government or your utility company promises big savings on your utility bills from solar energy.
