

Dushanbe electric vehicle incentives

Overview

The Tajik government has already announced a series of incentives to encourage the adoption of electric taxis. These include subsidies for purchasing electric vehicles, tax breaks for companies investing in EV infrastructure, and reduced operating costs for taxi operators. The Dushanbe Administration press center says the Dushanbe Administration has adopted a decision on this subject within the framework of the implementation of the national electric transport. Dushanbe is buzzing with change! In a bold move to embrace sustainability, the city's mayor has mandated that all taxi operations go electric by September. Streets are now dotted with sleek, high-tech electric taxis – many of them from popular Chinese brands like BYD, JAG, and Chery.
