Overview

EDEA Energy was formed to create Australian owned, designed, and manufactured, defence ready energy storage solutions suited for our unique conditions. Our integrated solutions can store and stabilise energy supply at device, facility, region and national levels. EDEA Energy has successfully exported its groundbreaking super6T™ lithium-ion batteries to a U. defense client, enhancing Australia's reputation in global defence innovation. Class leading EDEA super6T battery available in energy and power variants Australian developed cyber-secure communications. Varley Group has established itself as a premier manufacturer of specialised vehicles, particularly in the emergency and fire appliance industry. Today, Varley continues to set industry standards with their market-leading Aerial Pumper Fire Truck. Australia's largest builder of emergency vehicles, customer service bodies for numerous industries and an innovator in spray and customised equipment for the treatment of noxious weeds for Government departments. Amtek provides purpose-built emergency and rescue vehicles tailored for a range of frontline services.
