

# Equatorial Guinea lithium battery energy storage equipment manufacturer

## Overview

---

There are also major equipment manufacturers like Alfab Laval, Baker Hughes and Siemens Energy, renewable energy developer Greenko, industrial end-user customers NEOM and Rio Tinto and utility company New York Power Authority (NYPA) in its membership. Equatorial Guinea, a small but resource-rich nation, is rapidly embracing lithium battery energy storage solutions to address its growing energy demands and renewable integration challenges. With a focus on grid stability and sustainable power, the country's market has attracted both local and international investors. Here are some battery energy storage companies and projects in Equatorial Guinea:

**Market Overview:** The battery energy storage market in Equatorial Guinea is projected to grow significantly from 2024 to 2030, with various companies entering the sector to enhance energy storage solutions<sup>1</sup>. It will address the electricity needs of the region, which relies heavily on diesel generators.
