

# **Estonia s energy storage power station is the world s largest**

## Overview

---

Estonian energy company Eesti Energia opened the Baltic's largest battery storage at the Auvere industrial complex. This state-of-the-art storage system is already enhancing the stability of the regional electricity grid and mitigating high peak electricity prices for consumers. Source: ERR The largest battery park in continental Europe was opened in Kiisa, Harju County, on Tuesday, capable of serving 90,000 households. Estonia has laid the cornerstone for what will become the largest battery park in continental Europe, a major step toward synchronising the Baltic power grids. Baltic Storage Platform, a joint venture (JV), has broken ground on two new 200MW/400MWh battery energy storage systems (BESS) in Estonia. This article explores the project's goals, technological innovations, and how it addresses grid stability challenges while supporting Estonia's 2030 green energy targets.
