

Georgian Solar Container Fixed Type for Campsites

Overview

Engineered for tough field conditions — heavy winds, extreme temperatures and rough sites. Galvanized steel rails plus mobile anchors give secure, easy on-site fixation without permanent ground works. Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no shading from a remaining container structure. Solarcontainers have a tailored system with a mobile. The SolaraBox mobile solar container is a portable solar power plant that delivers reliable electricity with minimal setup. Georgia offers excellent opportunities for RV solar camping. 8 peak sun hours daily, you can generate reliable off-grid power.
