### Holcim and Peak Energy Sign Largest Behind-the-Meter Solar Project ...

The 25 MegaWatt-peak (MWp) project will power Holcim's cement manufacturing plants in Bacnotan, La Union (13 MWp), and Norzagaray, Bulacan (12 MWp), generating approximately 40 ...

---

### Holcim & Peak Energy Sign Major Solar Deal in Philippines

Holcim Philippines Signs Major Solar Power Deal with Peak Energy The 25 MWp project will power two cement plants, marking a major step in industrial decarbonization.

Nominal Capacity  
**280Ah**  
Nominal Energy  
**50kW/100kWh**  
IP Grade  
**IP54**

---

### Philippines awards over 6GW of solar capacity in latest ...

The Philippines has awarded 10.19GW of new energy capacity in its fourth auction round, with solar accounting for more than 6GW of capacity.

## **\$600M Secured for Massive Solar-Storage Project in the Philippines**

UK investment firm Actis has finalised its \$600 million investment in Terra Solar Philippines Inc., securing an equity stake in a ground-breaking GW-scale solar and energy storage project.

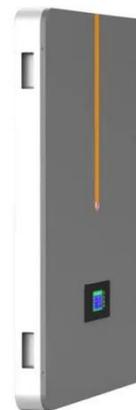

## **Holcim Philippines signs 20-year solar deal with Peak Energy**

Holcim Philippines Inc., the local unit of the Swiss building materials giant, has entered into a 20-year power purchase agreement with Singapore-based Peak Energy to develop one of the ...

## **Holcim Philippines taps Peak Energy for solar**

Under the partnership, Peak Energy will build and operate ground-mounted solar photovoltaic (PV) systems at Holcim Philippines' plants in La Union and Bulacan. "Combined, these ...

## **Largest Solar Energy Projects in the Philippines Online and in the**

In Luzon, two high-capacity solar facilities are progressing toward their critical commissioning phase, underscoring ARI's shift in focus to the northern grid. The 211 MWp Olongapo ...
