

# Good solar battery brand

## Overview

---

We've found that the top brands for solar batteries include industry titans like LG, Tesla, and Sonnen. But there are so many options on the market; how do you know if the installer you're working with will carry the best brands?

That's where our experts come in. Here are our picks for the 10 best home solar batteries of 2025: At SolarReviews, we have a thorough and holistic methodology for ranking. In the last year, nearly two-thirds of solar.com customers paired their solar panels with a home battery energy storage system (aka BESS). These brands stand out for their high performance, reliability, and focus on safety. Brands like LG Chem offer affordable options without compromising on quality, while Tesla Powerwall impresses. Solar batteries play a crucial role in increasing the efficiency of solar power systems by storing excess electricity in the presence of sunlight and allowing it for future use even when the sun isn't shining.
