

# Hand-cranked generator and solar panels

## Overview

---

Each product leverages a hand crank as a supplemental or emergency power source, while offering additional charging options like USB-C, AC outlets, and solar input. Achieve 0-100% charge in approximately 3 hours using a PD60W adapter or a solar panel over 100W. □The hand-crank is designed for emergency use only□, providing 5 minutes of emergency lighting with just 1 minute. Finding a reliable hand crank generator with a battery can provide crucial power during emergencies, outdoor adventures, or off-grid living. ● Equipped with high-capacity battery, providing 10,000mAh or 20,000mAh options, long time power protection, help wild life.
