Overview

The best solar generators for whole house backup depends on your needs. The EcoFlow DELTA Pro Ultra with 12kWh is best for extended power outages with its massive 90kWh expandability, while the GROWATT HELIOS 3600 excels at budget-conscious whole-home backup with 240V capability. Whether you're a homeowner looking to reduce your carbon footprint or simply seeking a dependable power source, find the perfect solar generator for your needs right here. Why solar generators are the best power source for home?

Solar generators can be used indoors because they produce no harmful. After hands-on testing, I can tell you the EF ECOFLOW Delta Pro 12kWh Power Station with Extra Battery stands out for its exceptional 7200W AC output, enough to power almost anything in your home, even during outages. Each unit blends high-capacity battery storage with efficient solar charging, multiple outlets, and smart features to keep essentials running during emergencies.
