

# Hotel uses 40kWh energy storage cabinet in the maldives

## Overview

---

By integrating solar energy and battery storage, Soneva Secret will cut its diesel-generated electricity needs, thereby lowering its carbon footprint and operational costs. This eco-friendly initiative aligns with the resort's commitment to promoting sustainable tourism. “The project has given us the confidence to push on. Following two weeks of comprehensive testing, the resort can now operate entirely on solar energy for up to eight hours a day under optimal sunny conditions, a remarkable achievement that reinforces Veligandu's commitment to responsible tourism while delivering world-class luxury experiences. This. A hybrid power plant with DEIF controllers is providing uninterrupted power for the Le Méridien Maldives Resort & Spa. The initiative, introduced during a dedicated event at Sun Siyam Olhuveli on 6 December 2025, represents a significant. Ocean Sun and Canopy Power have teamed up to launch an innovative 2MWp floating solar power system at Soneva Secret, a luxurious resort in the Maldives.
