

# How much does Brazil s rooftop solar panels cost

## Overview

---

The average monthly electricity bill for a house in Brazil is R\$500, while the cost of installing solar energy on the roof is around R\$15,000, according to the price simulation table of the concessionaire Portal Solar. In 2023, PV uptake in Brazil grew at a rate of more than 1 GW per month (70% of that rooftop PV), and the cumulative installed PV capacity reached over 37 GW. Photovoltaic power and wind power are one of the lowest-cost power generation technologies available.
