

# Inverter repair manufacturer in Manchester UK

## Overview

---

We have 20 years of experience in the repair of AC Drives, DC Drives, High-Frequency Inverters, and Soft-Starts. All units are cleaned and inspected. Fault finding procedures are used for identifying faulty components which are then replaced. We are licensed under SGS Baseefa to repair Group I & II hazardous area Motors, along with standard Industrial Motors. We have specific repair suitcases for a wide range of brands and generations of inverters and variable speed drives including; ABB, Danfoss. At Sellweb's Industrial Electronic Repair Centre, we specialise in the repair, servicing and refurbishment of industrial inverters — including single-phase and three-phase units, flux vector drives and motor inverters. An Inverter Breakdown Doesn't Need to Stop Production! Our hire drive range of inverters are transportable and ready-cabled for quick and easy shipping to you on site.
