

# Ireland backup solar container system solar container system

## Overview

---

In this guide, Infinite Energy explains how solar battery storage works in Irish homes, when it makes sense (and when it doesn't), and why we frequently recommend Sigenergy's SigenStor solar PV and battery system for homeowners looking for smarter control and future flexibility. Be prepared for a power outage with a Solar Backup Box from Claddagh Solar. Designed for homes in Ireland with an existing solar PV system that includes a battery and inverter, our backup box ensures you have reliable, independent power for your home during any storm or unexpected disruption. Our hybrid energy systems, consisting of solar PV and battery storage under 'Battery as a Service' service agreements and Power Purchase Agreements whereby Batterybox installs the systems and meets the upfront capital cost of installation. Storing solar energy can be more financially lucrative than selling it back to the grid. Getting a 5kW solar battery in Ireland will cost between €1,700 and €3,000 in most instances.
