

Magnesium aluminum photovoltaic bracket manufacturer

Overview

We are a professional manufacturer specializing in solar brackets and Hot-dip galvanized, zinc-aluminum-magnesium, aluminum alloy and other materials, with years of industry experience and advanced production equipment. Shielden is proud to introduce our state-of-the-art fixed photovoltaic mounting system, designed for a variety of environments and application scenarios, delivering superior performance and reliability. By using Shielden's high-performance photovoltaic mounts, you can ensure that your solar power. Hello everyone, this is GRT solar, a professional manufacturer of solar mounting solutions, both include roof and ground mounting solutions. Including solar hooks, module clamp, aluminum rails, ground screws and all fasteners. It has better protection for the cutting edge of the steel plate, the welded part and the part of the coating damaged due to serious deformation. Zinc-aluminum-magnesium sheet is a new type of high-strength lightweight material, mainly composed of zinc, aluminum, magnesium and other elements—an ideal base material for manufacturing durable aluminum solar bracket.
