

# Mauritius solar Power Generation and Energy Storage Project

## Overview

---

The Henrietta project is a cornerstone of the nation's energy transition, combining a 60 MWp solar photovoltaic (PV) array with a substantial 240 MWh battery energy storage system (BESS). This article explores bidding opportunities, technical requirements, and market trends for solar-plus-storage projects in Mauritius, with actionable insights for. Qair International has secured financing for the landmark 60 MWp Henrietta solar project in Mauritius, a move that establishes the country's largest solar and battery storage initiative. The project is scheduled for completion by the end of 2024 and represents a critical step in Mauritius's. On J, Mr. Olivier Gaering, Regional Director Indian Ocean of Qair Mauritius. Renewable energy developer Qair has secured financing from SBM Bank (Mauritius) Ltd for its Stor'Sun I and II hybrid solar-plus-storage projects.
