

Namibia DC Solar Air Conditioning

Overview

Discover how Namibia's energy-efficient air conditioning systems are revolutionizing cooling technology while reducing environmental impact. Explore the latest trends, data-driven insights, and practical solutions for residential and commercial spaces. Sunpal Recreate Series Hybrid Solar Air Conditioner is engineered from the ground up for use with solar. All electrical components are DC powered including DC Compressor, high-efficiency DC Fan Motors, DC Valves & Solenoids, etc. The Air Conditioner System uses VRF (Variable Refrigerant Flow). The Sun does not send us an invoice for the 50 billion kilowatt hours of energy it emits onto the earth every second and never goes on a holiday. Taatisolar was established in 2017. With more than 20 years' experience in the industry, we have a solution on all your HVAC needs, ranging from simple, single split unit installations, to complex, multi VRV installations in sky rises and hospitals. Why Energy-Efficient Coolin Discover how.
