## Overview

---

A man who grew up in places where electricity was a luxury has developed an off-the-grid power system for remote parts of New Zealand. Grid Escape's ATB & Pecron Portable Power Stations range are designed to withstand New Zealand's harsh elements. These compact yet robust units are perfect for any scenario, whether exploring the great outdoors, powering through work at a remote construction site, or staying prepared during an. Reliable power on-the-go Schneider Electric's OffGrid Portable Power Station is designed for outdoor enthusiasts and home users to provide consistent, reliable power whenever you need it - anytime, anywhere. Quickly and easily find the right products and accessories for your applications. But to make your camping trip more of a "relaxing escape" than a "survival experience", you'll probably want to have access to power. Whether you live in a rural location without reliable grid access or simply want a more sustainable lifestyle, our off grid solar systems provide the perfect power solution. Our systems are designed.
