

# Norway cost savings

## Overview

---

Based on data from Numbeo, the cost of living in Norway is 14.7% higher vs the United States when you take into account daily spending without rent. Tax breaks are offered on savings towards a property purchase for those under 35. There are other tax advantages for home owners, which means many. Norway's cost of living in 2025 remains one of the highest in Europe, but it comes with strong public services, high wages, and everyday quality of life that tends to surprise people in the best way. 94 times more expensive than the world average. The average salary after taxes in Norway is \$3812, which is enough to cover living expenses for 1. If you're hopping between cities every other day, expect your transport costs to spike. For a Solo nomad: Estimated monthly costs are \$1,339 (excluding rent), and \$2,581 including rent. CityCost data is based on AI and user input - minor inaccuracies may occur. The chart highlights the Precision.
