

# Oslo solar panel flexible manufacturer

## Overview

---

Ocean Sun provides floating solar technology that works where others does not. Our breakthrough membrane technology turns reservoirs, lakes, and coastal waters into clean energy powerhouses while the water keeps panels cool for maximum efficiency. Their integrated solar panels not only offer a sustainable energy solution but also enhance the aesthetic appeal of rooftops. Join and be part of a sustainable. Norsk Renewables AS, formerly called Norsk Solar, is a vertically integrated independent power producer with a commercial offering that includes solar, wind, and storage. We are passionate about the clean energy transition, and we proudly focus on markets where we can significantly impact CO2. Among the key players in this transformative journey are Otovo Norway and other Norwegian solar companies, which are at the forefront of developing and manufacturing cutting-edge solar technologies. The company has been at the forefront of research, development, and production of high - quality flexible solar products.
