

Photovoltaic bracket punching gun

Overview

This electric hole puncher features a 50mm deep throat, enabling precise elliptical hole punching in narrow and confined metal sheet areas, ideal for HVAC brackets, electrical cabinets, and sign installation. Feature highlights: The KY100-M10 Electric C-shaped Steel Punching Gun is a lightweight lithium rechargeable tool designed for efficient photovoltaic bracket punching. It features a brushless motor, 21V battery, and a compact design with a machine weight of 4. The tool supports a hole size of. High quality pv solar bracket punching and cutting machine, Single cutting multiple times, large daily production capacity, higher efficiency than conventional automatic aluminum cutting machine and manual punching equipment Product Description Equipment Features 1. High quality pv solar bracket.
