

# Photovoltaic power station support general contractor

## Overview

---

This list highlights 25 significant photovoltaic power station construction companies, primarily headquartered in Europe and Asia. While many were founded in the last two decades, they vary significantly in size, with teams ranging from a handful to several thousand. We are leading solar energy facility contractors. We design, build, expand and maintain efficient, cost-effective solar energy facilities from the ground up, helping our clients meet growing needs for clean, sustainable power and ongoing energy conservation. Headquartered in White Plains, NY, AMS is a licensed contractor operating nationwide. Since 2002, our values-driven team has delivered high-quality work you can trust—and results that maximize impact for your project, your stakeholders, and the planet. Trusted at Every. As a residential homeowner, small business, not-for-profit, or local government, you're eligible for NY-Sun incentives when you work with a participating contractor. Your contractor will: Participating contractors are all vetted by NYSERDA.
