

Portable storage for communication cabinets used in field operations

Overview

LISTA Cabinets provides various types and sizes of mobile and modular drawer cabinets suitable for military use, such as maintenance and support storage cabinets, tool cabinets, military weapons lockers, and mobile flight line cabinets. Particularly, the use of military containers to create portable data centers and strengthen communication infrastructure is of critical importance for the success. Practical and fully mobile, our DRU Communications and Command Center is a virtually indestructible self-contained portable facility crafted within a recycled 40 ft solid steel ISO shipping container. Portable Military Units come in standard sizes of 10'-foot, 20-foot, and 40-foot and are made with durable materials that can stand up to harsh conditions. Also known as server racks and cabinets, they allow users to secure their data and communication connections. Heavy duty dual mount with optional casters shown. These customizable workstations can be tailored to meet the specific needs of military operations, ensuring a seamless fit into any.
