

Potentiality vs actuality

Potentiality vs actuality

Actuality (Existence) is prior to potentiality (Change)

This is how potency is prior to actuality. From the potentially existing, the actual existence is always produced by an actually-existing thing, e.g. man from man, musician by musician.

Aristotle's Metaphysics

In this entry, we discuss the ideas that are developed in Aristotle's treatise. References in the text to the books of Aristotle's Metaphysics are given by Greek letter.

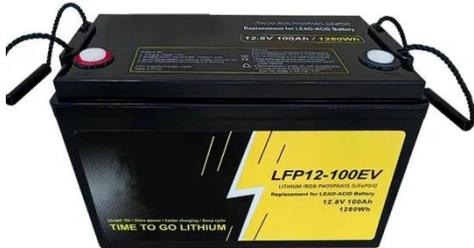

NATURE OF REALITY: ACTUALITY VERSUS POTENTIALITY

With some differences and clarification, I am adopting the terms potentiality, actuality, dispositions, and power as used by the philosopher Ushenko (see Chapter 5 for a summary of Ushenko's relevant ...

Potentiality and actuality

Aristotle describes potentiality and actuality, or potency and action, as one of several distinctions between things that exist or do not exist. In a sense, a thing that exists potentially does not exist; but, ...

The Power of Potentiality and Actuality

Potentiality is the capacity or possibility of something becoming or being something else, while actuality is the realization or fulfillment of that potentiality.

Potentiality and actuality , History of Ancient Philosophy Class Notes

Aristotle's concepts of potentiality and actuality are key to understanding change and reality. Potentiality refers to inherent capacities, while actuality is the realization of those capacities. These ideas help ...

1.7 Actuality and Potentiality in Aristotle's Philosophy

Potentiality refers to the inherent possibilities or capacities that a thing possesses, while actuality represents the realization or fulfillment of these possibilities when they become fully real.

What are the potentiality and actuality in metaphysics?
