

Price of a 40-foot mobile energy storage container used at US airports

Overview

The cost of renting a 20 foot waterproof storage container is between \$75 and \$125, and a 40 foot waterproof storage container rents for between \$90 and \$150. These containers are excellent for storing materials like excess inventory, costly items such as doors, copper wiring and windows for construction sites, medical supplies and. The energy storage system is essentially a straightforward plug-and-play system which consists of a lithium LiFePO4 battery pack, a lithium solar charge controller, and an inverter for the voltage requested. With over 320 square feet of floor space, it's big enough to hold the contents of a small warehouse, a contractor's entire staging area, or the seasonal inventory for a retail business. These units are ideal for very large portable storage. In addition, the shipping container can also be used to ship overseas.
