

Small Financing for IP66 Photovoltaic Battery Cabinets for Farms

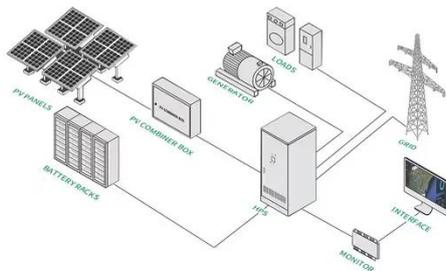

ESS

Overview

The Rural Energy for America Program (REAP) offers federal grants and loans to help farmers and rural small business owners go solar, covering up to 50% of total project costs. Agricultural producers may also apply for new energy efficient equipment and new system loans for. Short term loans can strain your cash flow or keep you from investing in new assets, and short amortizations pose interest rate risk for a long-term held asset. We offer as long as 25-year fixed rate financing and a variety of deal structures that serve both single- and multi-site projects in any. The U. One government grant program for solar panels on farms is called the Rural Energy for America.
