

Solar bracket installation lighting cost

Overview

The basic cost to Install Solar Lighting is \$74. 80 - \$102 per fixture in January 2026, but can vary significantly with site conditions and options. Use our free HOMEWYSE CALCULATOR to estimate fair costs for your SPECIFIC project. Balance of 2 hr (s) minimum labor charge that can be applied to other tasks. To estimate. Lithium-ion batteries have become the dominant choice for 2025 installations, offering 10-15 year lifespans and 95% efficiency compared to traditional lead-acid batteries that last only 3-7 years. The price variability is largely based on the design complexity, durability, and the ability to withstand inclement weather. Traditional grid-tied streetlights carry a host of hidden costs that don't show up in the initial bid: trenching delays, utility coordination fees, labor overruns, permitting red tape, and ongoing operational risks.
