

# South Korean energy storage mobile power manufacturer

## Overview

---

South Korea is a global leader in lithium-ion batteries, supplying EVs, electronics, and energy storage systems. and others contribute to innovation. EIPGRID offers you energy certainty with AI-backed decision making for communities, aggregators, and utilities, through our energy services and EIP Virtual Power Plant platform. Giants like LG Energy Solution, Samsung SDI, and SK On dominate the industry, while Ohsung Co. This East Asian country is home to some of the world's leading energy storage factory and energy storage supplier. Korean energy storage manufacturers are pivotal players in the global market, offering diverse technologies and solutions. However, a string of ESS-related fires and a lack of infrastructure had dampened investments in this market.
