

Specifications of outdoor cabinet communication products for mountainous areas

Overview

These cabinets shield sensitive components from harsh weather conditions, including moisture, dust, and temperature extremes. NEMA and IP ratings help determine their ability to resist environmental factors, ensuring durability and reliability. Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies. We specialize in high-precision, weatherproof outdoor communication cabinets engineered for extreme conditions. Our custom designs withstand high temperatures (-40°C to 75°C), feature IP68 waterproof sealing, and comply with UL/CE standards for global deployment. Built from AlumiFlex®, a lightweight yet durable material, it provides steel-like strength to support the heaviest equipment. They have adjustable rack sizes and spacing, a 3 and 4-point locking system, and solar caps to manage heat loads.

Specifications of outdoor cabinet communication products for mount
