

Sup Solar Container Factory in Norway

Overview

Welcome to SUNAQ AS - The home of SUB Solar (TM) - The best floating solar PV solution for the global aquaculture market. SUNAQ AS holder til i Ørsta på Sunnmøre og eier og drifter en av Norges største industrielle 3D printere som leverer ekstremt sterke og nøyaktige plastmodeller. Ocean Sun unlocks access to clean, independent and affordable energy worldwide. At Ocean Sun, our values guide everything we do — from pioneering solar technologies to fostering strong partnerships. We believe in creating impactful solutions that respect nature, drive innovation, and empower. Norway's energy costs jumped 28% last year, but businesses are turning crisis into opportunity. Solar Container Projects now deliver 12-15% annual ROI here - the highest in Scandinavia. How?

Government tax breaks, cutting-edge batteries, and Europe's best solar incentives. This guide crunches. SUNAQ is an INNOVATIVE company based in the heart of the MARTIME region in the Western Cape of Norway. Our strength is our diverse MATERIAL KNOWLEDGE and EXPERIENCE across various industries such as; RENEWABLE ENERGIES, AQUACULTURE, and INDUSTRIAL DESIGN. This system is realized through the unique combination of innovative and advanced container. Ocean Sun's core innovation, a floating power system with solar panels mounted on a thin hydroelastic membrane, offers a unique solution to the world's energy needs. If you've ever wondered how Norway keeps its fjords sparkling and its cities buzzing with clean energy, look no further than Oslo Solar.
