

The most powerful company in photovoltaic panels

Overview

Throughout 2024 and into 2025, companies such as Huasun Solar, TW Solar (Tongwei), and Jolywood have entered the spotlight, announcing panels that exceed 700W, utilising cutting-edge N-type TOPCon and Heterojunction (HJT) technologies. The world's top 10 solar photovoltaic (PV) module manufacturers shipped a record 500 gigawatts (GW) of modules in 2024, nearly doubling the previous year's volume, according to Wood Mackenzie's new Global Solar Module Manufacturer Rankings 2025 report. While early leaders such as Trina Solar, Jinko Solar, Canadian Solar, Risen Energy, and JA Solar laid the groundwork for high-power panels. The global solar energy market will exceed \$300 billion by 2032, growing at a CAGR of 12. This growth is primarily propelled by technological advancements, government subsidies, and increasing environmental awareness. SMA Solar Technology AG 2023 was an exceptionally successful year for. This list highlights some of the planet's largest companies shaping this shift, ranked by installed capacity. China produces 86% of the world's solar panels each year, according to Germany's Fraunhofer Institute for Solar Energy. Our resources have helped hundreds of Chicago homeowners, and they can now help you maximize your investment and avoid unnecessary costly mistakes, so you can confidently choose the PV system that will serve you for years. We know which manufacturers you can trust.

The most powerful company in photovoltaic panels

10 Biggest Solar Companies

NextEra Energy, First Solar, and Nextracker are the top three solar companies, based on market cap.

2025 solar ranking , Wood Mackenzie

Wood Mackenzie's score-based ranking assessed more than 40 leading module manufacturers across 10 countries. These companies accounted for 62% of global production ...

Top 10: Solar Energy Companies , Energy Magazine
