

Ultra-high efficiency of santo domingo outdoor telecom enclosures for highways

Overview

They have adjustable rack sizes and spacing, a 3 and 4-point locking system, and solar caps to manage heat loads efficiently. Westell is a collaborative partner in OSP deployment optimization providing customized, fully integrated, vendor neutral outdoor network equipment enclosures. With proven expertise in system integration, Westell also manages the details for design assistance, planning, thermal management. KDM's outdoor telecom enclosures are weatherproof, rainproof, waterproof, sun-proof, and dustproof cabinets with IP ratings of IP55 up to IP67 ratings and NEMA standards of 3R up to 6. Built to withstand harsh environments and extreme conditions, our enclosures ensure optimal protection and peak performance for your critical equipment. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices. [Learn more! IP55 Rated | 24U | AC110V or.](#)
