

Wall-mounted solar intelligent control system

✓ IP65/IP55 OUTDOOR CABINET

✓ OUTDOOR TELECOM CABINET

✓ OUTDOOR ENERGY STORAGE CABINET

✓ 19 INCH

Overview

It features high-efficiency solar panels, intelligent energy management, and seamless integration with Kyla's smart ecosystem. The solution includes real-time monitoring, battery storage options, and optimized energy usage to reduce electricity costs and carbon footprint. EcoFlow Smart Home Panel 2 is the center of your whole-home backup system. EcoFlow Smart Home Panel 2 is the hub of the powerful EcoFlow DELTA Pro Ultra that allows you. The world's first AI-optimized 5-in-One energy system combining inverter, battery, EMS, EV DC charging, and intelligent controls into a resilient, expandable solution built for energy independence. Expandable from 5 to 390 kWh with stackable battery packs. The Carbon Trust produces verifications in line with global leading and independently verified standards. Alexa Built-in devices let you talk. At the center of this transformation is the smart home wall mounted control panel, a sleek and powerful interface that allows homeowners to manage everything from lighting and climate to security and entertainment, all from a fixed, easily accessible point.
