

What to do if a communication base station owes electricity bills

Overview

First seek the assistance of your utility provider – they are required by law to assist you. If you are unable to get a satisfactory resolution from your utility provider, then contact the Department's Office of Consumer Services to file a complaint using any of the listed methods. The Department of Public Service assists consumers with service and billing issues regarding electric, natural gas, steam, landline telephone, cable tv and water utilities. Filing a lawsuit against a utility company can be complex, but it may be necessary if you have suffered damages due to their negligence or misconduct. Whether the issue. This brochure is provided annually by National Grid and includes basic information about the Company's policies and procedures, as well as your rights as a customer billed under residential rates. To ask about your National Grid service or your bill, call 1-800-642-4272, weekdays 7 a. State laws, enforced by state regulatory commissions, offer some protections for consumers against unreasonable rates and abrupt termination of services, but consumers do not have a legal right to utility services except in narrowly defined circumstances.
