

# Where is the team making photovoltaic panels

## Overview

---

Headquartered in Shanghai's Free Trade Zone, Huijue operates six wholly-owned subsidiaries and production/R&D centres in Jiangsu Haian and Shanghai Fengpu, covering 100,000 m<sup>2</sup> with over 1,000 employees. Founded in 2002, Huijue Group is a leading innovator in energy storage technology, providing safe, efficient, and comprehensive energy storage solutions. Our offerings span residential, commercial, industrial, and site-specific systems. 7 GW in 2007, to 320 GW in 2016. In 2016, 93% of the global PV cell manufacturing capacity. Discover which companies produce the highest number of solar panels around the world. What kind of home do you live in?

The Shanghai-based company has 14 factories in China, Malaysia, Vietnam, and the US, and 57,000 employees - of whom 1,500 work in the firm's eight research and development. With these two facts in mind, all that is left to be asked is: Which companies are the largest solar panel manufacturers in the world, and which company produces the best solar panels?

Let's check out or list. has registered capital of USD20 million, with first phase investment of USD55 million.
